Contestant must not touch calf after signaling that contestant is finished and until after the judge has completed an examination. Rope must remain slack until field judge approves the tie. Unless instructed to do so by the judge, contestant will be disqualified for removing rope from calf after signaling for time, until the tie has

been passed on by the field judge. In the event a contestant's catch rope is off a calf after completion of tie, the six-second time period is to start when contestant clears calf. Flag judge must watch calf during the six second period and will stop watch when a calf kicks free, using the time shown on the watch to determine whether calf was tied long enough to qualify. If tie becomes illegal by calf kicking, or calf gets to his feet before tie has been approved by the judge, the contestant will be marked "no time."

- D. Two Loops Permitted. Two loops will be permitted, catch-as-catch- can, and should the contestant miss with both, contestant must retire and will be marked "no time." Roping the calf without releasing the loop from the hand is not permitted. If contestant intends to use two loops, contestant must carry two ropes and must use second rope for second loop.
- E. No Dragging of Calf. A neck rope must be used on the horse, and contestant must adjust rope and reins in a manner that will prevent horse from dragging calf. Contestant must receive no assistance of any kind. If the horse drags the calf at least five feet, field judge may stop horse and the contestant will be disqualified.
- F. No Jerk Down. Intentional Jerk Down's will result in the disqualification of the contestant.

LADIES' BREAKAWAY ROPING

- A. Age and Gender: Contestant must be female, 14 years of age or older.
- B. Time Limit: 1 minute, closed gate.
- C. Objective: The contestant must rope a calf from the back of a horse, and have the rope, which is tied to the saddle horn with a piece of string, break away from the saddle.
- D. Equipment: The contestant must use a standard catch rope with a white flag, a minimum of 24 inches in length and 2 inches in width tied to end of rope (no tail) and end of rope must be tied to saddle horn with a piece of string (#24 polycotton twine OR #18 nylon—150# test) furnished by the Rodeo Committee.
- E. The contestant will start from behind a barrier in the right hand box and will nod to the gate operator to indicate when he is ready for the calf to be released. The calf will be given a pre-determined head start and beating or breaking the barrier will result in a 10-second penalty, and penalty will be documented by barrier judge.
- F. The contestant must then chase after the calf. In order to be a legal catch, the loop must pass cleanly over the calf's head. Once the loop has passed over the calf's head, loop may draw up on any part of calf's body behind the head.
- G. Time is to begin when the calf releases the barrier rope and ends when the field judge flags the rope breaking away from the saddle horn. Calf must break rope away from saddle horn—contestant would receive a no time should they break rope away from saddle horn themselves.
- H. Once the contestant has given up on their first loop and have started to compete on their second loop, if the first loop becomes a legal catch and breaks away, it WILL NOT be flagged as a time. The contestant will be flagged on their second loop.
- I. Automatic Disqualification will occur if:
 - 1. The contestant breaks the string by hand rather than letting the calf pull the rope and break it away from the saddle horn.
 - 2. The contestant fails to release the loop from hand before catching calf.

BOYS BREAKAWAY ROPING

- A. Age and Gender: Participant must be male, 10-13 years of age.

- E. The contestant will start from behind a barrier in the right hand box and will nod to the gate man to indicate when she is ready for the calf to be released. The calf will be given a pre-determined head start and beating or breaking the barrier will result in a 10-second penalty, and penalty will be documented by barrier judge.

TEAM ROPING

- A. Age and Gender: This event is not age or gender specific.
- B. Time limit: 1 minute, open gate.

Roping steers without turning loose the loop will be considered no catch. Contestant must rope, dally and change direction of steer. Any heeler 50 years of age or older may tie hard and fast.
- D. All headers shall start from behind a barrier. A 10-second penalty will be added for breaking or beating a barrier.
- E. Field judge shall drop flag when steer is roped by its head and heels, and both horses are facing steer in line with ropes dallied and tight. Horses' front feet must be on ground and contestants must be mounted for flag to drop. Steer must be standing up when roped by head and heels.
- F. Throwing Heel Loop. The direction of the steer's body must be changed before the heel loop can be thrown. However, if the steer stops, it must only be moving forward for the heel loop to be legal. Any heel loop thrown before the completion of the initial turn will be considered a crossfire and no time will be recorded.
- G. Steer Roped by One Horn. If steer is roped by one horn, contestant is not allowed to use hands to remove loop or put loop over other horn or head.
- H. Heeler Roping Front Foot. If the heeler ropes a front foot or feet in the heel loop, this is a foul catch. Neither contestant may remove the front foot or feet from the loop by hand. However, should the front foot or feet come out of the heel loop by the time the field judge drops the flag, time will be official.
- I. Legal Head Catches. There will be only three legal head catches:

1. Around both horns.
 2. Half a head.
 3. Around the neck.
- J. Illegal Head Catches. The following shall be illegal head catches:

 3. If loop is in the steer's mouth.
- K. Heel Catches.
1. Behind Both Shoulders. Any heel catch behind both shoulders is legal if rope goes up heels.
 2. One Hind Foot. One hind foot receives a five-second penalty.
- L. Inspection of Catches. Any questions as to catches in this contest will be decided by the judges. If a field judge tells the header to hold the steer so the field judge may inspect the head catch, and the header does not do so, the team may receive a "no-time".

Acceptable is a stake with an eye rolled into it and with a length of rope with a loop tied in one end and attached to the stake at the eye. All adjusted so that no part of the stake protrudes above the ground and just enough of the loop of the length of rope sticks above the ground so the tether rope may be snapped on to it.
 3. Contestant must ride horse across the start line, to where the goat is tethered, dismount, catch the goat, remove the ribbon from the goat's tail, and run back across the finish line, which will be located 10 feet from tether stake back in the direction of the start line. Acceptable is a stake with an eye rolled into it and with a length of rope with a loop tied in one end and attached to the stake at the eye. All adjusted so that no part of the stake protrudes above the ground and just enough of the loop of the length of rope sticks above the ground so the tether rope may be snapped on to it. Goat thong or pigging string to be used by the contestant to tie the goat's legs together. No metal rings or wire allowed on or in thong. Thong may be leather, nylon, grass, rope or a combination of materials.
- F. Contestant must ride horse across the start line, to where the goat is tethered, dismount, catch the goat, tie the goat and signal that his/her tie is complete by raising his/her hands in the air. The goat must be tied by stringing one (1) leg first then crossing and tying any three (3) legs. There must be at least one (1) wrap around all three (3) legs and finished with a half hitch or "hooey". The contestant then must step back away from the goat at least three (3) feet.
- G. The goat will be tethered at a point 100 feet from the start line and held at the point furthest away from the starting line and facing the starting line and far enough away from fences or walls that there is room to reasonably compete.

No barrel may be closer than 20 feet from any fence or wall.
- G. When arena conditions do not allow a full pattern to be used, the pattern may be shortened as necessary provided that it remains the same throughout the rodeo. It is mandatory that the 20 foot from any fence or wall safety zone be maintained even with a reduced pattern size.
- H. Diagram of barrel pattern.

1. The contestant will enter the arena, race across the start/finish line and proceed to either the left or right barrel. If the right barrel is used as the first barrel, the contestant will make a right hand turn around that first barrel and then proceed to the second barrel. The contestant will make a left hand turn around the second barrel and then race to the third barrel. The contestant will make a left hand turn around the third barrel and then race back across the start/finish line. The opposite will occur if the contestant chooses to go to the left barrel first.
2. Knocking over a barrel will result in a 5-second penalty being assessed.
3. If a barrel is knocked down, and then stands back up, it is still considered knocked down and the 5-second penalty will be assessed.
4. The contestant may reach down and touch a barrel in order to keep from falling over if the contestant chooses to and is able to do so.

No pole may be closer than 20 feet from any fence or wall. It is mandatory that the pattern be staked so that the poles will be set in the same spot for the duration of the rodeo.

- F. The Rodeo Committee will determine prior to each age class when re-rakes will be done.
- G. The contestant must cross the start/finish line and may start on either side of the pattern it is the contestant's choice. The contestant must race down alongside the poles and upon reaching the sixth or end pole they must turn around that pole. The contestant then must weave back and forth through the poles toward the first pole. Upon reaching the first pole, contestant must turn around this pole and continue the weave back and forth towards the sixth pole, round this pole, then race alongside the poles back to and cross the start/finish line.
- H. Penalties: The contestant will be assessed a 5-second penalty for each pole the contestant knocks down. The contestant may touch the pole by hand to keep it from falling if they choose to and is able to do so and no penalty will assess for touching the poles.

 9. If the ribbon comes off the calf's tail after the roper has made a catch, the roper must dally off and hold the calf; however, the runner must go to where the ribbon came off, pick it up and then carry it back across the barrier line. Roper must hold dally until the runner has picked up the ribbon.
- E. Automatic disqualifications will occur if:
